

# Walk-in centres

## What are Walk-in centres?

- they are for people with minor injuries and illnesses
- they are open for everyone (adults and children)
- you don't need an appointment

## What happens when I visit?

- you give your details to the receptionist
- we check to see how ill or injured you are
- you wait to be called by the nurse

## How long will I wait?

- you could wait for 4 hours
- most people are seen in 2 hours
- urgent patients will be seen first
