Dear

Freedom of Information Act Request

Further to your e.mail dated 6 November 2015, please find below Wirral Community NHS Trust response to your Freedom of Information request:

Original request:

I am currently doing some research regards the use of immunotherapy products within the Allergy setting used within your trust. Please can you supply information regards the following questions.

Please can you supply the total number of items purchased by product for immunotherapy in an allergy indication eg Grazax 75,000 SQ-T oral lyophilisate. Please supply a full list of products used and the number of items for the last 12 months within your trust.

Response:

Wirral Community NHS Trust does not purchase or prescribe allergen type vaccines, such as Grazax. As these products are used by specialists only, the trust GP's would also not prescribe these products.

I trust this satisfies your request for information under the Freedom of Information scheme.

Yours sincerely,

Karen Howell
Chief Executive
