Subject: FOI - Drug addiction babies

Good afternoon,

Please accept this as a request under the Freedom of Information Act.

Can you provide answers for 2011-2012, 2012-2013, 2013-2014, 2014-2015 and 2015-2016 please.

How many babies were born with neonatal abstinence syndrome (showing signs of drug addiction because of their mother taking drugs during pregnancy) at hospitals run by your trust during each financial year?
If you run more than one hospital please breakdown the figures for each hospital.

I look forward to receiving your response within 20 working days.

Thank you very much.

Best wishes,
